**O KNJIZI:**

Digitalno doba donosi i stvaralačke priloge u području komunikacije, kulture, poduzetništva, javnih prava, demokracije. Digitalni prostor otvara nove mogućnosti kulturnog izražaja i slobodu umjetničkog i demokratskog stvaralaštva. Knjiga Digitalno doba. Masovni mediji i digitalna kultura prikazuje na svoj način nove komunikacijske tehnologije, mijenja teorije paradigme i koncepte i tako odgleda na tradicionalne medije predstave, istražuje nove organizacijske modele i medijske prakse kao kulturne priloge u medijaci i vlastiti digitalni are u koji tradicionalni mediji teže integracijom medija i medijskim sadržajima, mijenjajući na taj način profile medijskih profesionalaca.
